CCDRB STAFF COMMENTS, DEC 10, 2009

- 2** Comment: Simplify the building design by eliminating roof pediments.
Response: Roof pediments have been eliminated to simplify the design.
- 3** Comment: Simplify the color palette by eliminating the accent color on the window sills.
Response: Linoleum above windows, doors, and balconies now match the adjacent field colors.
- 6** Comment: Provide exterior murals on all divided window fls.
Response: All divided window fls will have exterior murals.
- 7** Comment: Provide additional screening for the exposed garage elevations.
Response: Fig Ivy is added to the exposed garage facades as well as brick and paint to screen the garage elevations.

CCDRB DESIGN REVIEW BOARD COMMENTS, DEC 10, 2009

- 1** Comment: Restudy garage elevations.
Response: The Type 2 street and Highway Garage elevations are revised. Brick, paint, and expanded railing (similar to the apartment balconies) are added to the facades to relate the garage back to the apartment buildings. A trellis with Fig Ivy is added at the garage entry elevation and Fig Ivy is used on both the Type 2 street and Highway elevations to screen view of the garage.
- 2** Comment: Differentiate top floor of west building.
Response: Top floor of west building modified to resemble penthouse and differentiate level from adjacent buildings.
